Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Creating Interactive Websites for Learning on the Go discusses how educators can create dynamic, interactive educational websites for students to access anytime, anywhere. This guide shows educators how to design and create an interactive website, a standards-based curriculum highlighting web-based projects and lessons, and the use of mobile devices such as tablets and smartphones to access learning through interactive websites. This eBook demonstrates how educators can transform traditional classroom instruction into and interactive learning experience that can be accessed in the classroom, at home, and on the go.
