## STEAM BOILER EXPLOSIONS

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.From the Introduction. THE following little treatise on the subject of Steam-boiler Explosions is a classic in its department of engineering literature. Its author, Zerah Colburn, was one of the most remarkable and most talented men that the constructive profession has ever known. Descended from a family noted for its intelligence, and especially for talent in mathematics and the sciences, he fully sustained its reputation. For many years connected with that famous periodical the London Engineer, he finally severed his connection with it, to found another now no less famous journal, Engineering This he promptly made a success in all respects, and a success it remains to-day, in the hands of Messrs. Maw and Dredge, his hardly less talented and enterprising lieutenants. He broke down from over-work, after a time, and remained in a state of nerve-exhaustion for two years or more, able to do little or no work on his new journal, and sustained only by the life, energy, and ambition of his two aids, and his friend the publisher of the paper. He at last came to his early home, in America, and there died, leaving a record, short though it was, that most men might well envy. His work and the monuments of industry and ability which he has left behind him have peculiar interest to Americans; not simply because of his own connection with us by birth and early training, but because he never forgot his interest in his own country or his own countrymen. At a time when it was felt, by many of his colleagues in the profession and compatriots from the United States, that it was difficult to secure fair recognition...
