Ave Maria Press, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. All life is connected, and when we fall into disconnection we can experience alienation and the sense that we are separate and apart. Quantum Grace: The Sunday Readings expands on author Judy Cannato s theme of observing Lent through the lens of new physics. It complements and completes the reflections on the scriptures of the Lenten season begun in Quantum Grace: Lenten Reflections on Creation and Connectedness . Like the first volume, it seeks to stir the reader to look at scripture through a slightly different lens - one that reconciles our Christian tradition with modern scientific discoveries.
