This sort of book is every little thing and made me searching ahead and more. Sure, it is actually play, nonetheless an amazing and interesting literature. You wont feel monotony at whenever you want of the time (that's what catalogs are for relating to in the event you ask me).

TESSONTAS TREE

Xlibris Corporation. Paperback. Condition: New. 240 pages. Dimensions: 8.8in. x 6.0in. x 0.6in. When Jake and Daniel accidentally fell in the river while camping in Alaska, they regained consciousness and thought things did not look right. As their trip unfolded they suspected they might not be in their world anymore. Things just weren't adding up. Daniel was blind before he went into the water and now could see. Not only that, he had some very mysterious powers. They needed answers and wanted to find a way home. Maybe Swin the warrior could help. Their guide Don Gaither was right behind them, could he save the brothers? They would find out while meeting some very interesting characters along the way. What they didn't know is that they had arrived in the middle of a species war. Wartindale the Human Magician was trying to commit genocide on all species that were not human. It was up to Trillton the Elf Magician and Keeper of the Books to make sure this didn't happen. He knew the three humans from another world could be the answer but he hoped it was not too late. It was already too late for the Lavender Fairy Tree and its fairies. The political system had let them down and it was up to Trillton to reform it for this beautiful world and its species. Could this unlikely band of strangers save a world from going into a dark era that some species would never recover from? This adventure combines the world of fantasy and reality while sending some very strong political and moral messages. Forbidden love intertwines with an action-packed and fun adventure for everyone. These two worlds collide and make a tale never told before. This item ships from multiple locations. Your book may arrive...
