Not Avail. Paperback. Condition: New. 188 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. Spirituality and success are often seen as mutually exclusive: At one extreme we hear of monks meditating in caves for 20 years at a time, in an apparent escape from worldly concerns, and at the other extreme we hear of highly rich and successful people who seem to have it all, yet feel empty and unfulfilled. How can these opposing scenarios be reconciled to ensure a full life of happiness and fulfilment In answering this question, this book provides a unique contribution to the field of personal development by merging the principles of both spirituality and success in a single volume. The book is structured into an Introduction and 3 Parts. The Introduction addresses the question Who are we and why are we here as an essential starting point in understanding how to direct our lives. Part 1 introduces a detailed manifestation map to chart our destiny from an enlightened rather than ego perspective. Part 2 looks at universal values of freedom, love and adventure as well as gratitude and contribution in a quest to instill the values of a fearless spiritual warrior living with a very calm yet bold attitude. Part 3 of the book, focuses on spiritual wellbeing, worldly achievement and passive income. Practices are consolidated under the sub-headings of habits, imagination, values and self-expression. The maps provided enable readers to adopt a heart-based, abundant perspective to achieving peak performance in their various endeavors and to creating the life of their dreams. The reader is guided by the use of Maps - pictorials and acronyms that have logical, scientific and memorable associations. Tables are provided that contrast differences between living from ego and from a more enlightened awareness. In absorbing and applying the tips, tools and...
