Estimates IV: Estimates of canals. Estimates V: Estimates of railway track. Civil Engineering Contracts and Estimates, Fourth Edition, combines in a single book, two important sections of Civil Engineering-Contracts and Estimates. In this edition, the rates and costs have been updated to bring them on par with the rates prevailing in 2014-15. Online tendering has been included to bring the book up to date. This edition contains everything that engineering faculty and students, as well as fresh engineers commencing their career in the field need know about the subject. Section I (Civil Engineering Contracts) presents an introduction to the legal aspects involved right from the tender stage up to planning. Section II (Civil Engineering Estimates) provides the basic...
