Practical Encyclopedia of Drawing (Paperback)

By Ian Sidaway, Sarah Hoggett

Anness Publishing, United Kingdom, 2011. Paperback. Condition: New. Reprint. Language: English . Brand New Book. This title combines pencils, pens and pastels; observing and measuring; perspective; shading; line drawing; sketching; texture; using negative spaces; and, composition. Discover the pleasure and practicalities of drawing with this comprehensive fully-illustrated step-by-step reference book. This is a practical introduction to all aspects of drawing from beginners to intermediates, with full technical instruction and easy-to-follow step-by-step projects. It includes a complete guide to all the artist s materials and equipment you will need, including monochrome and coloured pencils, charcoal, wax crayons, chalks, soft pastels, conte sticks, pen and ink, easels and the various types of drawing paper. It provides expert instruction on different drawing techniques, with small-scale practice exercises: drawing outlines and blending, as well as fundamental principles such as understanding perspective, composition and colour. It features 25 original step-by-step projects, specially commissioned from leading professional artists, which allow you to learn and practise the techniques in action, and create your own works of art. From graphite pencils and charcoals to soft pastels and crayons, the art of drawing encompasses a variety of mediums and techniques, all of which are comprehensively covered in this beautiful...

Reviews

This book is wonderful. It really is written in easy words and never difficult to understand. I am quickly can get a satisfaction of reading a created ebook.
-- **Carley Huels**

Merely no phrases to spell out. I actually have read through and i am certain that i will gonna study once again again later on. You wont truly feel monotony at at any time of your time (that's what catalogues are for about should you check with me).
